

THE PROFESSIONAL GUILD of NLP

Joining as an Individual Member

Welcome, we are pleased that you are joining the Guild and hope you find the information in this document helpful when completing the Registration Process.

To join as an Individual Member you must have completed an NLP Practitioner course of at least 120 contact hours over 18 days or more, with one of the Organisational Members of the Guild.

Registration

The first step in joining the Guild is to complete the online registration process.

<http://professionalguildofnlp.com/join.php>

This form asks you to enter your name.

To confirm that the NLP Practitioner course you have attended is at least 120 contact hours over 18 days or more.

Where you obtained your Practitioner Certificate.

There is a box for additional information. This may be information about where you completed your certification if it was not a Guild Member – for example if you completed this training in another country. If this is the case we suggest that when you go to the next stage for payment you select to pay by cheque or standing order rather than paypal for the moment so that we can confirm whether your training is acceptable to the Guild.

The information about where you have completed a Master Practitioner training follows the same format.

You are asked to confirm that you have read and agree to the Individual Code of Practice for NLP Practitioners.

Your address information is also requested. You will notice that neither your street name nor postcode will be displayed on your public profile for security reasons.

Your email will not be displayed, instead a form will be used that you can be contacted through and any message is sent to the email address that you have supplied. The sender is assured that the Guild do not keep a record of this email and cannot use it for marketing or any other purpose.

Then what happens?

When you have completed and submit the form you will be taken to the Payment Page.
